

OUR BRACELET PROJECT

Many of us at Unity Church of Christianity are continuing on our project of trying to control those negative thoughts!!

We are wearing bracelets that help us to remember that we CAN do so!! This idea which started at Unity Christ Church in North Kansas City is now being followed in over 80 foreign countries throughout the world!!

The idea, as you recall is to place the bracelet on one wrist and to start counting the days. You continue wearing it until a negative statement is made. At this point, you switch the bracelet to the other wrist and start counting all over again.

When you reach 21 days without any negative thoughts, you have CHANGED YOUR LIFE!! Not only your life, but your world and you have taken a major step toward helping to improve our world!!

At this writing, we have given away over 200 bracelets for helping people in our society to help create a Complaint-Free World!! We still have over 100 that are available for YOU to take to your workplace, your school, your friends and neighbors to help them find what a glorious project this is!!

Please check out the web site: www.acomplaintfreeworld.org , and you will see that there are almost 6 million bracelets distributed throughout the world and that orders are coming in continually!! YOU have an opportunity to join all of these people to help eliminate negativity!!

Like much of the activities that we pursue in Unity, the project is simple, but not necessarily easy. Rev. Will Bowen, minister of Unity Christ Church in North Kansas City, where this idea originated broke three bracelets from putting them on and off until he finally completed the 21 days!!

We have an Honor Roll at Unity where we will post your names when you complete the 21 days and will honor you in other ways as well!! But, most importantly, you will be aware of the many wonderful changes that will have gone on within you when you complete the 21-day period.

Come to church and pick up the bracelet(s) or call the office if you want us to put them in the mail!! 309-762-1066. You may also e-mail us at unityqc@AOL.com

MANY BLESSINGS AND WELCOME TO THE FIRST STEP OF CREATING A COMPLAINT-FREE WORLD!!
