

Bricks and Bundles Campaign Update

The Bricks and Bundles Campaign has generated a significant response since January 1st. Our total since that date exceeds \$4800 at this time. We have had many contributions, both large and small. Each helps us get closer to our goal. We have planted trees in our serenity gardens and our re-roofing project will begin in the upcoming days as a result of the generosity of so many.

Abundant gratitude goes out to those who have contributed to our Build Unity Campaign. We wish to recognize those who have contributed at least \$25 so far.
